ACCIDENTAL DEATH & DISMEMBERMENT INSURANCE

You can't prevent every accident—but you can protect yourself and your family with **ACCIDENT***assure*.

OUR ASSURANCES

- Benefits are paid directly to you regardless of any other insurance you have.¹
- Benefits have no lifetime maximums.
- Rates won't increase because you use your policy.²

ACROSS THE U.S., ACCIDENTS HAPPEN AT AN ALARMING RATE. **EVERY SECOND OF EVERY DAY**, SOMEONE IS ACCIDENTALLY INJURED.³ WHAT'S MORE, **1-IN-7** AMERICANS—**47.2 MILLION** PEOPLE—RECEIVE MEDICAL ATTENTION FOR NONFATAL INJURIES ANNUALLY.⁴ **ACCORDING TO THE NATIONAL SAFETY COUNCIL, FALLS ARE THE LEADING CAUSE OF NONFATAL EMERGENCY DEPARTMENT VISITS IN THE U.S., ACCOUNTING FOR NEARLY 8.7 MILLION NONFATAL INJURIES EACH YEAR.**⁵

An accidental injury⁶ is an injury to your body caused by and resulting from a sudden, unexpected, unintentional and unforeseen event. An accident⁷ can happen anywhere at nearly any time. Bodily injuries that result from accidents can be painful—and can cause unexpected medical bills for diagnosis and treatment.

If you're in an accident, your major medical plan may cover most of your expenses. But you're likely to be responsible for out-of-pocket expenses such as deductibles and copays, plus medical appliances and transportation.

Gain the extra protection you need with **ACCIDENT***assure*.

¹Unless otherwise requested by you or required.

²Your rates cannot be increased unless all rates of the same kind are raised in your state.

⁶An accidental injury means all bodily injuries solely caused by and resulting from an accident. Accidental injury does not include injury as a direct or indirect result of bodily or mental infirmity or disease in any form or medical treatment of any kind. An example of bodily infirmity is an allergic reaction, such as a bee sting.

⁷An accident means a sudden, unexpected and unforeseen event.

Choose the plan that's right for you.

Every accidental injury—from bumps and bruises to broken bones—requires different care and treatment. To help protect you and your family, ACCIDENT^{assure} offers benefits for today's most common accidental injuries, whether they happen on the job or off. Plus, the policy lets you choose from two levels of coverage.¹

☐ **PHYSICIAN'S OFFICE ADDITIONAL BENEFIT RIDER**

The Physician's Office Additional Benefit rider provides the flexibility to receive treatment in a number of nonemergency-room medical facilities, such as a physician's office, dentist's office¹ or urgent/immediate care center. With this option, you'll receive an enhanced benefit when you seek care at an approved medical facility after an accident, regardless of the treatment needed or scope of the injury.

The benefit is payable in one of two ways:

1) A \$200 benefit is payable to diagnose and treat injuries which are not covered under the base policy, such as broken natural teeth, sprains, first-degree burns and other noncovered injuries. The \$200 benefit pays in *addition* to the physician's office visit benefit included in the base policy, as shown in example 1.

OR

2) When the physician's office benefit is paid along with other benefits that are covered in the base policy, this rider pays an additional \$50 (instead of \$200), as shown in example 2.

The injury must be the result of a covered accident for which a charge was incurred and the physician's office visit benefit is payable, in order for the Physician's Office Additional Benefit rider to be payable.

Example 1

INJURY CAUSE	TREATMENT	DIAGNOSIS	BENEFIT	AMOUNT ²
Fall	Dr. office visit, X-ray (to determine if fractured), and pain medication	Arm pain and NO fracture	Physician's office visit benefit	\$50
			Physician's Office Additional Benefit rider	\$200
			TOTAL BENEFIT	\$250

Example 2

INJURY CAUSE	TREATMENT	DIAGNOSIS	BENEFIT	AMOUNT ^{2,3}
Fall	Doctor office visit, X-rays (to check for fracture and verify bone is set correctly), cast, sling and pain medication	Arm pain and fracture	Physician's office visit benefit	\$50
			Physician's Office Additional Benefit rider	\$50
			Fracture	\$1,600
			TOTAL BENEFIT	

☐ **PUBLIC SAFETY RIDER**

\$2,000 when a gunshot wound is received in the line of duty

Law enforcement officers, corrections officers, probation officers, parole officers, EMTs, paramedics and firefighters are eligible for this benefit. For the benefit to be payable, treatment must be rendered by a physician in a hospital within 24 hours of the accident.

¹Benefits are not payable for loss contributed to, caused by or resulting from your treatment for dental care or dental procedures, unless treatment is the result of a covered accident. Dental procedures that result from a covered accident are limited to natural teeth.

²This information is provided for illustration purposes only. Benefit examples are based on level 2 coverage.

³Other benefits may be payable under the policy and may vary by the type of covered accident.

Other terms and conditions apply; ask your agent for details.

ITEMS NOT COVERED *(limitations and exclusions)*

We will return, at your request, the prorated premium paid for you and any period you are not insured by this policy while you are in such service; committing or attempting to commit suicide, regardless of mental capacity; injuring or attempting to injure yourself intentionally, regardless of mental capacity; being in an accident more than 40 miles outside the territorial limits of the United States, Canada, Mexico, Puerto Rico, Bahamas, Virgin Islands, Bermuda or Jamaica (except under the accidental death benefit); riding in or driving any motor-driven vehicle in any race, stunt show or speed test or on any race course or speedway; traveling as a passenger other than a fare paying passenger in any aircraft or travel as a passenger in a military aircraft or acting as a pilot or crew in any aircraft; hang-gliding, bungee jumping, parachuting, sail-gliding, parasailing, parakiting or mountaineering; being legally intoxicated or being under the influence of a controlled substance, unless administered on the advice of a physician. If death occurs as a result of the same shooting, we will pay only the largest of the benefits for which the policyowner is eligible. This rider does not cover gunshot wounds received while the public safety officer is not working in the line of duty and not within the course and scope of duty, or from nonconventional firearms. A conventional firearm is defined as a weapon from which a bullet or shot is fired by gunpowder or compressed gas.

Confinement in a hospital means assignment to a bed, for which room and board charges are made, as an inpatient in a hospital on the advice of a physician for a minimum 24-hour period. The confinement must be the result of an accidental injury.

A hospital is not a bed, unit or facility that functions as a skilled nursing facility, nursing home, convalescent home, rest home, home for the aged, sanatorium, rehabilitation center, place primarily for providing care for alcoholics or drug addicts, or facility for the care and treatment of mental disease or mental disorders.

An intensive care unit is not a progressive care unit, subacute intensive care unit, intermediate care unit, private monitored room, observation unit, surgical recovery room or room, bed or ward customarily used for patient confinement.

Premiums for the accidental death and dismemberment coverage are based on age, health and benefit plan selected.
